

WELCOME TO USKUDAR UNIVERSITY

On March 3rd, 2011 Üsküdar University has
been officially established

Thematic University of Health and Behavior Sciences

- Having multi-disciplinary organizations of positive and social sciences on common grounds have been one of the most important development in 21st Century. The association of positive sciences seeking the reality and social sciences seeking the good, the beautiful as well as the truth, has been a new trend especially in the United States.
- Academic structures that strive to understand social phenomena and human behavior, criminal and terrorist behavior; have been increasing gradually.

ÜSKÜDAR ÜNİVERSİTESİ

- 5 FACULTIES
- VOCATIONAL SCHOOL
- 5 INSTITUTES
- 29 RESEARCH AND APPLICATION CENTERS
- OVER 50 LABORATORIES

THE NUMBERS SAY IT ALL WHY CHOOSE US

4 CAMPUSES

120 PROGRAMS

**MORE THAN 22000
STUDENTS**

513 ACADEMISIANS

**412
ERASMUS
UNIVERSITIES**

OUR CAMPUSES

CENTRAL CAMPUS

SOUTH CAMPUS

DOWNTOWN CAMPUS

MEDICINE CAMPUS

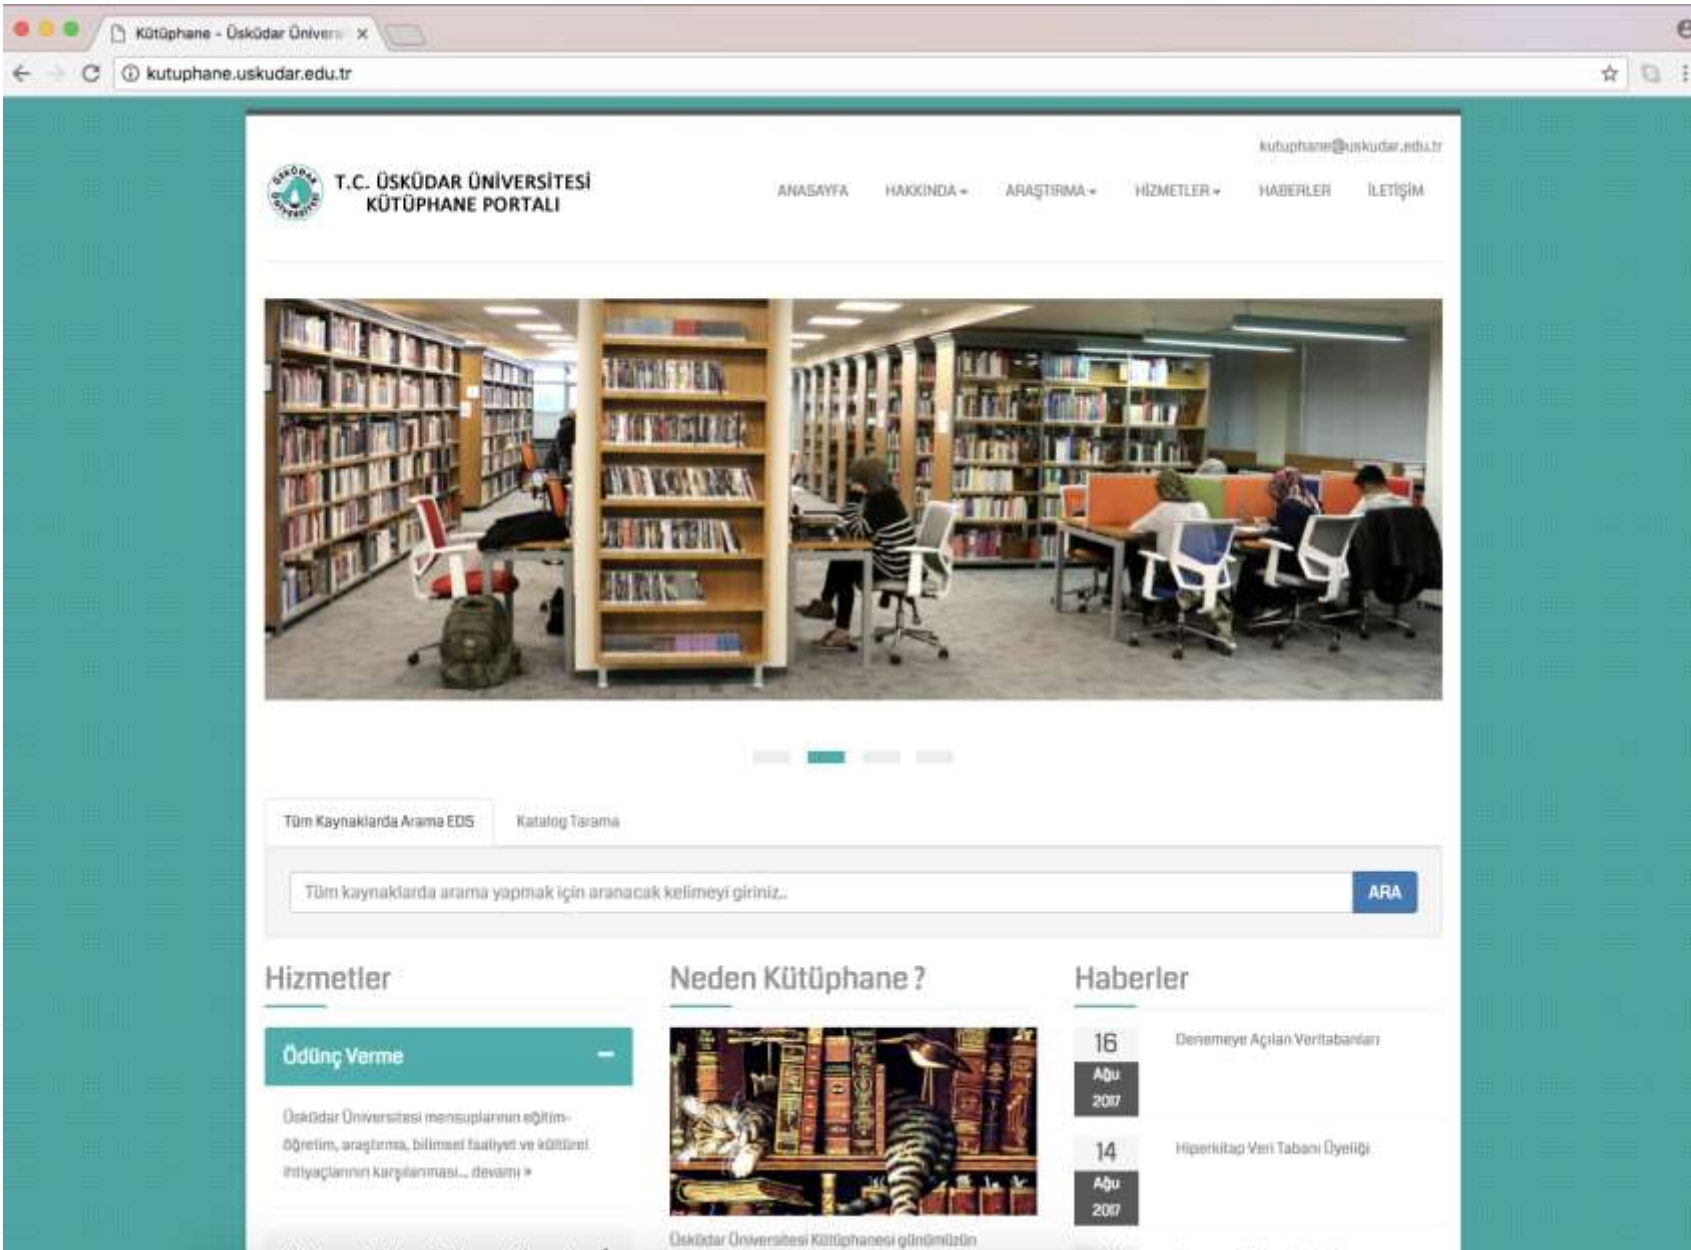

ERASMUS AGREEMENTS

- Internship Opportunity in Europe
- 20 different European Union including England, Germany, Italy, Spain, Netherlands and Scandinavian countries the opportunity to study abroad with more than 400 Erasmus Agreements with the country and more than 1000 international students

USKUDAR UNIVERSITY LIBRARY

USKUDAR UNIVERSITY LIBRARY NUMBERS

<http://kutuphane.uskudar.edu.tr>

- 35.000 Printed Resources
- 12.000 E-Book
- 18.000 E-Journal
- 300 Thesis
- 12 Database
- 800 m2 usage area
- 250 seating capacity

NPİSTANBUL Brain Hospital is the **2nd brain hospital in Europe**. The NPİSTANBUL Brain Hospital was established to provide effective treatment services for diseases that affect mental or brain health, with the most advanced treatment possibilities provided by contemporary medicine. The NPİSTANBUL Brain Hospital is a science partner of Üsküdar University. Various collaborations are conducted in technological, academic and scientific fields. As a result, Üsküdar University students have the opportunity to translate their theoretical knowledge into practice. The concept of hospitality management is presented in the methods and conditions prescribed by contemporary science

in which the comfort of the patients is held as a priority.

NPİSTANBUL Brain Hospital has 19 years of experience in psychiatry, addiction, neurology, neurosurgery, ear, nose and throat specialty, general surgery, among many other areas.

We work hard to offer the best to our patients in our brain treatment-centered general hospital facilities.

ÜSKÜDAR UNIVERSITY HAS MORE THAN 50 LABORATORIES.

Üsküdar University offers practical training with its more than 50 laboratories covering an area of 3.000m².

In Üsküdar University laboratories, practical training is given in many subjects on the behavioral sciences in areas such as brain stimulation, neuroimaging, health physics, and software psychology. Additionally, there is a clinical setup that is equipped with the latest technology for studies in the field of computer engineering such as Brain-computer interface (BCI) and artificial intelligence. In addition to the training offered in Üsküdar University laboratories with specialized academic staff, our students also have the privilege to practice in Turkey's premier neuropsychiatry hospital, the NPISTANBUL Brain Hospital, as well as in its medical centers.

Üsküdar University continues to conduct laboratory work and invest in R&D efforts, and continues to support studies in order to make the first Brain Park in Turkey a reality.

QUALITY PROCESSES ARE EVALUATED AT ÜSKÜDAR UNIVERSITY.

The Corporate External Evaluation Team assigned by the Higher Education Quality Committee conducted assessments and examinations at Üsküdar University on December 23-26, 2018 about "quality assurance, education, research-development and management system".

ÜSKÜDAR UNIVERSITY ADVANCED TOXICOLOGY AND VERIFICATION LABORATORY RECEIVES ACCREDITATION

Üsküdar University Advanced Toxicology and Verification Laboratory successfully passed document and site inspections in September 2015, and in addition received an ISO 17025 accreditation certificate.

The ISO 17025 Laboratory Accreditation Standard is an international accreditation standard, which describes mobile or stationary calibration, test laboratory's quality management system and accreditation requirements.

Through this document, accuracy and reliability of the measurements performed in alcohol, cocaine and morphine analyses in the field of toxicology is accepted by the ISO countries, and the report is accepted as it is.

ÜSKÜDAR UNIVERSITY CONTINUES ITS QUALITY ACCREDITATION STUDIES

Üsküdar University has achieved full accreditation and quality qualifications from FEDEK, PEARSON, ISO 17025 and YÖKAK Assessment audits. In addition, NP Feneryolu Medical Center and NP Etiler Medical Center have ISO9001: 2015 Quality Management System certificates.

Our university conducts compliance studies with the accreditation institutions such as İLEDK, HEPDAK, MÜDEK, SABAK, TÜRKAK and has demonstrated its determination to provide high quality standard education services for all departments / programs. Our university was selected as the Center of Excellence by TWAS in August 2018 in addition to the existing accreditation certificates of the department, program, laboratory and medical centers.

ÜSKÜDAR UNIVERSITY TELEVISION

We are live at "tv.uskudar.edu.tr" with content-rich programs created and run by our academicians and students on various topics and guests.

ÜÜ RADIO IS LIVE NOW!

We are live with programs, live performances, and Turkish songs that will attract your attention.

CONFERENCE HALLS

Nermin Tarhan, Kuleli, Emirnebi I and II, Yuşa, Beylerbeyi and Martyr Duha Beker, Prof. Fuat Sezgin, Aziz Sancar and Ayhan Songar Conference Halls are equipped with the latest technology and are home to many events. Additionally, multipurpose rooms are used for smaller events and meetings.

Üsküdar University campus is located at a central access point of the city's transportation system.

Campus creates a safe and comfortable educational environment for its students with the help of its building design.

SMART CAMPUS

Üsküdar University Campuses are managed with the Smart Campus System. All classrooms have the SMART Board system, and all announcements to students are made via LCD information screens located on the classroom doors. During registration, students are given a smart card, which allows them to access services on campus. The comfort of our students is taken into consideration on campus, and they have private lockers where they can store their personal belongings, notes, and equipment, and students set up the combination for the lockers themselves.

DINING HALL

Lunch and dinner are available for students and staff in open and closed seating areas in dining halls on the Main Campus (with an area of 365 m²), South Campus (with an area of 200 m²) and Çarşı Campus (with an area of 1200 m²).

CAFETERIA

The cafeteria is used as one of the main areas for socializing by the students, with indoor and outdoor areas, offering different food and beverage alternatives.

GYM

Two important services are offered for our students in our Healthy Living Center. The first service is for activities such as basketball, volleyball, futsal, combat sports, and tennis. Our women's volleyball team, men's basketball team, archery team and kickboxing team train regularly at our gym. The second service is the Fitness Center, which is part of the Healthy Living Center, where all types of sporting equipment are available for the health and wellness of our students.

Our expert staff provide personalized fitness programs so that our students can reach the healthy lifestyle objectives they are aiming for.

UNDERGRADUATE PROGRAMS

- Faculty of Medicine

- Surgical Sciences
- Medical Sciences
- Basic Sciences

- Faculty of Communication

- Cartoon and Animation
- Visual Communication Design
- Public Relations
- Media and Communication
- Radio, Television and Cinema
- Advertising Design and Communication
- New Media and Journalism

- Faculty of Humanities and Social Sciences

- Philosophy
- Psychology
- Psychology (English)
- Political Science and International Relations
- Political Science and International Relations (English)
- Sociology
- History

- Faculty of Engineering and Natural Sciences

- Forensic Science (Turkish)

- Computer Engineering (English)
- Bioengineering (English)
- Electronics Engineering (English)
- Industrial Engineering (English)
- Chemical and Biological Engineering (English)
